

## **Zazzy Cats Kitty Rescue: A Shift in Focus**

**August 2024** – It is with a heavy heart that Zazzy Cats Kitty Rescue announces the closure of our California rescue and adoption operations effective January 1st, 2025. Despite our best efforts, the challenges of overcrowding and insufficient funding have made it unsustainable to continue our work as we have in the past.

For years, we have been dedicated to rescuing, rehabilitating, and finding forever homes for cats in need. However, the overwhelming number of cats requiring assistance, and the financial strain have led us to make the difficult decision to shift our focus to sanctuary care.

Our priority now will be to provide a safe and nurturing environment for cats that are less likely to be adopted due to age, medical conditions, or special needs. By concentrating on sanctuary operations, we hope to ensure a better quality of life for these cats.

We are deeply grateful to our supporters, volunteers, and staff who have tirelessly dedicated their time and resources to our cause. While our rescue and adoption services will cease, our commitment to the well-being of cats remains steadfast.

We encourage our supporters to continue their support through donations, volunteering, or spreading the word about our sanctuary. Together, we can make a significant difference in the lives of these cats.
